Do you Suffer from Joint Pain?

Did you know that over 100 million Americans suffer from joint pain? In fact, this pain accounts for 25% of all visits to primary care physicians and half of all anti-inflammatory drug prescriptions. Have you ever wondered how different your life would be if you could get rid of joint pain? Where would you go, what would you do? Now you are able to live pain free with the most advanced non-surgical and all natural FDA cleared treatment. If you suffer from any degree of joint pain, regain the control of your life by visiting the Cleveland Medical Institute.

What causes Osteoarthritis?

The cause of osteoarthritis is unknown. Factors that might cause it include:

- Aging
- Being overweight
- Joint Injury
- Joints Alignment/imbalance problems
- Genetic defect in the joint cartilage
- Stresses on the joints due to sports, work and/or leisure activities.

Treatment is covered by most major health insurance plans, including Medicare
